Text: Daniel ch.10

Message Title: The unseen battle

Read Daniel ch.10

What connotations does the phrases 'spiritual warfare' conjure up for you?

What picture does this chapter give you of the unseen battle happening the spiritual realm?

What do you learn about angels in this chapter (assuming the person who appears to Daniel in v5 is an angel)? How would you describe the role of angels based on this chapter?

What do you learn about demons in this chapter (assuming the 'prince of the Persian kingdom' is a demon)?

What difference has Jesus made to the spiritual battle between the angelic forces of God and the demonic forces of Satan?

How do we sometimes over-spiritualise things happening in our lives and our world?

How do we sometimes under-spiritualise things?

What difference do our prayers make in this spiritual battle (see v12)?

Think of a difficult situation you're facing at the moment (or someone you know is facing). How could you pray in a way that is mindful of the unseen spiritual forces at work?

Spend some time praying for one another, that God would push back the forces of darkness and fight on your behalf.
