

Daniel Series Study Sheet

Week 12—June 4

Text: Daniel ch.11

Message Title: Stay Strong

Daniel 11 is the most detailed prophecies in all of Scripture, and describes the history from the time of Daniel right up to the time of Jesus. Why do you think God gave Jews such a detailed description?

Which parts of the chapter do you think would be most important or relevant to the Jews reading it?

What examples of hope are offered in this chapter?

What significance does this chapter have for us today? What is, if anything, God telling us in our lives?

What does verse 32 tell about how we can survive tough times?

What are some practical ways that we can “know our God” better?

What does verse 35 mean? Discuss as a group any times that you feel like you have “fallen.” How do you feel these experiences “refined” you?
